The Yacht *Market Overview*

2021 has gotten off to a promising start, with the industry starting to bounce back following the advancement of vaccination programs and gradually lessening restrictions. The challenges of the Covid-19 pandemic are far from over, but we're feeling optimistic towards a return to normality over this summer and beyond, and are ready to help our owners and clients navigate the changes.

Sales

Sales have certainly started to pick back up again since the start of 2021. The April lockdown in France restricted the opportunities for visits, but this didn't deter keen buyers. We're hoping that this trend will continue to grow as restrictions ease further so that we can catch up on the complications of 2020.

So far this year we are delighted to announce the sales of motor yachts Monte Fino 83 **ABOU MAYA** and Misty 50 **MISTY**. We have also sold the classic yacht 60ft **LASSE**, sailing yachts such as the 104ft **LUNAR MIST**, and catamarans such as the Ice Cat 61 **SILLY CAT** and 61ft Power Cat **GLAZMOR**.

It is also with great pleasure we announce numerous new additions to our sales fleet. Particularly of note are 3 Imoca 60s having recently finished competing in the Vendée Globe 2020-21: **HUGO BOSS**, **V AND B MAYENNE** and **CAMPAGNE de FRANCE**.

Other notable additions to our motor yacht fleet include the Guy Couach 2800 **NOE**, and to our sailing fleet 86ft **FANI**, JFA 82 **IKIGAI** and CNB 77 **SWALLOWS AND AMAZONS**. Our fleet of classic sailing yachts has also welcomed 87ft Koser & Meyer Ketch **TAMORY** and Spirit 46 **IHLABELLA II**.

We are excited to announce the presence of sailing yachts 100ft Carbon Sloop **BLUE DIAMOND** and 82ft JFA **IKIGAI**, along with some of the BGYB

Sales team, at the Palma Superyacht Show this June, and look forward to displaying more of our fleet at Cannes Yachting Festival and Les Voiles de Saint Tropez later in the year.

Also worth a mention is the new construction project of an elegant all-carbon sloop **ICE 70**, with BGYB having introduced the client to Ice Yachts Shipyard who we have been representing since 2015.

Charter

Looking back on 2020, it comes as no surprise for us to say that it wasn't the easiest year for the Charter Industry. We had many charters cancelled or rescheduled due to the Covid-19 Pandemic, but in the end came out with a return only slightly smaller than in 2019.

Looking ahead for 2021, a yacht charter appears to be one of the safest options for planning a holiday in the current climate, and with numerous reservations already booked, we are optimistically thinking that the summer 2021 season is set to go ahead as usual.

Over the past year we have continued to consolidate our marketing strategy, with the launch of our new website, new publicity strategies, and the employment of an app to organize charters and have even closer contact with our clients.

Our Central Agency charter fleet has also continued to grow this year, with the impressive addition of 3 new sailing yachts – S/Y **AESOP**, S/Y **FANI**, and S/CAT **GIVE ME FIVE**.

This year has also seen clients branching out towards some exciting destinations, with us receiving more and more enquiries for Croatia and the Ionian and Cyclades Islands in Greece, for example. Of course, the French and Italian coasts remain as popular as ever.

In this newsletter we would like to present to you some sample itineraries for the most beautiful charter destinations, to be explored during a cruise onboard a luxury yacht with family, friends, or within your company.

We have also chosen a selection of motor and sailing yachts, both from those amongst our fleet and those we have worked with, which we recommend for the incredible quality of service offered onboard.

We are looking forward to the reopening of the world of racing and events charters, as well as helping you to organize the charter vacation of your dreams.

ELEONORA

162.5ft New Classic Schooner

Steel hull with teak superstructure, ELEONORA is an exact replica of the schooner Westward which was designed in 1910 by Nathanael Greene Herreshoff, the 'Wizard of Bristol', the designer of the America's Cup defenders which turned back all six challenges from 1893 to 1920. Westward was arguably one of the most famous racing schooners in the world.

ELEONORA not only follows Westward's heritage of big schooners racing but also, with her comfort and space, offers an unforgettable cruising and relaxation experience.

She was built at the Van der Graaf shipyard in Holland and was launched in March 2000. Since then, she has successfully participated in a number of classic sailing regattas and hosted numerous high-profile guests on board during her charter activities.

Showing astonishing beauty under her sail, ELEONORA's slender hull cuts a pathway through the sea, an elegant combination of beauty and power. Her sailing performances come without sacrificing her luxurious standards of comfort, as her staterooms and the entire interior display the ambience and elegance of another age.

ATLANTIC

212^{ft} New Classic Schooner

2010. She is the replica of legendary ATLANTIC which was commissioned in 1903. Her victorious 1905 Transatlantic Race ensured that she went down in yachting history.

After owning, restoring, rebuilding or recreating a number of famous yachts such as Thendara, Aile Blanche, Borkumriff, Zaca a te Moana and most recently Eleonora, her owner planned his ultimate masterpiece; with her overall length of 64.5 metres she is the largest classic racing schooner ever to be recreated. Above all else, she, like her inspiration, remains breathtakingly beautiful, turning heads wherever the wind takes her.

Her dimensions are simply incredible; overall, she measures a remarkable 64.5 m. Her graceful sheer line and long overhangs accentuate her grace while her waterline length of 42 m and narrow beam are a promise of unmatched speed under sail. Her spars tower some 45 m above the waterline and support a staggering area of 1,750 m² of sail, more than two and a half times that of the already awesome J-Class yachts.

OCEAN SAPPHIRE

135ft Motor Yacht

This modern private luxury yacht, designed by Norman Foster, has four deck levels, offering more exterior and interior space than any other yacht in her category.

Special attention has been paid to the quality of light and aspect with all major areas of the yacht, including the master suite's two private balconies which benefit from spectacular forward-facing views.

The interiors have been furnished with great attention to aesthetics, practicality and luxury. Taking advantage of the floor-to-ceiling windows and panoramic views, a sense of continuity between the outside and the interior spaces has been intuitively created.

Now authorised to welcome up to 100 guests at quay!

The perfect yacht for hosting during events in the South of France such as the Cannes Film Festival and the Monaco Grand Prix.
