Yachting in Style *with Peace of Mind*

Bernard Gallay

The Yacht *Market Overview*

As BGYB approaches the autumn and winter seasons, it only feels right to reflect on the successes and developments of 2026. Our fleet, international presence, and services continue to grow and evolve, and it is with great enthusiasm that we look ahead to what is yet to come as we move towards 2027.

Sales

On the sales side, 2026 has also seen several significant transactions and milestones for BGYB, reflecting the brokerage's ability to adapt to a changing market while continuing to deliver strong results across different segments of the fleet. Among these milestones, the company completed its first yacht sale involving a cryptocurrency transaction, working alongside our partner Bitcashier—an important step in adapting our services to the evolving expectations of an increasingly international client base, many of whom are looking for more flexible and modern ways to finalize a purchase. This milestone illustrates how BGYB continues to evolve alongside its clients, embracing new tools without losing sight of the trust and personal attention that define every transaction.

BGYB also successfully concluded the sale of the Swan 108 **FANCY**, now renamed **PS5 PLAYSTATION** and currently available for charter, giving the yacht a continued presence within BGYB's world even after changing hands. Alongside this, the brokerage also completed the sale of the McConaghy 75 **JACK**. Together, these transactions further demonstrate the diversity of BGYB's sales activity, spanning both high-performance sailing yachts built for speed and larger cruising yachts designed for comfort, underscoring the breadth of expertise the team brings to every corner of the market and the range of clients it is able to serve.

Also to be noted are the additions of the following sailing yachts: 121ft Holland Jachtbouw **SWAGGER**,

121ft Maxi Catamaran **VITALIA II**, CNB 117 **CAPRICORNO**, CNB 78 **AMURI**, and CNB 76 **RIZZ**. As well as the following motor yachts: WallyPower 50 **AXELLE 3**, WallyPower 43 **GRIVALIA V**, and Goldfish 49 Open **AXELLE**.

Charter

While 2026 remains one of the strongest charter years in BGYB's history, activity has been slightly more subdued over the past few months. Against a backdrop of widespread heatwaves, clients have continued to spend their summers on the water, with charters taking place across Europe, including more northerly destinations such as Norway.

BGYB has welcomed the 29m CNB sailing yacht **LADY 8** to its Central Agency charter fleet, with the yacht spending the summer cruising Norway. The Sunreef 80 catamaran **MANA KAI**, Swan 82 FD **STELLA OF RORC** and 30.6m Wally sailing yacht **VANTANERA** have also joined our growing charter fleet under Central Agency.

The 32m Alloy Yachts sailing yacht **ABUNDANCE** will remain in Fiji through October, while the 65m classic schooner replica **ATLANTIC** continues her long-range cruising programme through Costa Rica and French Polynesia. **MANA KAI** and **LADY 8** are also embarking on extensive cruising programmes, reflecting the increasingly international scope of BGYB's charter fleet. Our fleet continues to grow, and we look forward to seeing what the rest of 2026 will bring.

Finally, the Charter Department continues to strengthen the client experience through more comprehensive, personalised support and tailored charter planning

for our direct clients, a growing number of whom are choosing to place their trust in BGYB.

Marketing and Development:

BGYB continues to invest in the development of its services, with a strong focus on making the client experience more streamlined, personalised and efficient. Over the past six months, several initiatives have been introduced across the company to strengthen both our international reach and our internal processes.

The arrival of **George Kontovassilis** in Greece, **Xavier Bouin** in the UAE and **Romain Bonnaud** in the USA has further strengthened BGYB's international presence, allowing us to support clients more closely across key yachting markets around the world.

Within the Marketing Department, the rollout of our new CRM, together with the integration of AI-powered tools, is helping us better understand client needs, improve follow-up and deliver more targeted and personalised communications.

The Sales Team has also introduced a new client-reporting format designed to keep owners regularly informed about BGYB's activities and the progress of their yacht throughout the sales process.

More broadly, BGYB continues to introduce new ideas, methods and tools aimed at improving both the client experience and the company's day-to-day operations. These developments form part of our ongoing commitment to improving the way we work and the level of service we provide.

Day 1 | Papeete and Cook Bay

Upon arrival at Papeete airport, you will be warmly welcomed by your crew and transferred to the marina to board your yacht. After settling in, enjoy a cocktail on deck as preparations are made for departure. A short sail brings you to the breathtaking Cook Bay in Moorea, where lush mountains meet calm, sheltered waters for a peaceful first night.

Day 2 | Moorea

Spend the day discovering the island of Moorea, renowned for its dramatic volcanic peaks and vibrant lagoon, before venturing inland to climb Magic Mountain or reach the Belvedere viewpoint for panoramic views over Opunohu and Cook Bays. Back on board, enjoy swimming, snorkelling, or simply relaxing in the crystal-clear lagoon surrounded by tropical scenery.

Day 3 | Raiatea and Huahine

An early departure sets the course for Raiatea, a longer passage across open ocean. During the crossing, keep watch for marine life, including whales during the breeding season. After approximately 90 nautical miles, enter the eastern pass and anchor in a serene bay offering beautiful views over Huahine and the surrounding lagoon.

Day 4 | Motu Vaitorea

Following a short morning crossing, the yacht enters the lagoon in calm, protected waters. Divers may stop at Avapehi Pass for a rewarding underwater experience before continuing south towards Motu Vaitorea. This tranquil setting is perfect for enjoying the lagoon at its finest, with opportunities for snorkelling in the "Nursery," swimming, and a variety of water activities.

Day 5 | Tahaa and the Vanilla Valley

Departing the lagoon, sail towards the island of Tahaa, often referred to as the "Vanilla Island." Dive enthusiasts can explore the Toahotu Pass, known for its rich marine life. In the afternoon, visit the Vanilla Valley to discover local plantations. The day concludes with an exceptional dinner experience at a renowned restaurant set on a private motu.

Suggested *Itinerary*

At BGYB, every Fiji yacht charter is tailored to your wishes. We create bespoke itineraries designed around your cruising style and dream South Pacific experiences.

Day 1 | Denarau Marina – Viti Levu

The main departure point for yacht charters in Fiji, Denarau Marina offers modern facilities and easy access from Nadi International Airport. Viti Levu provides the perfect balance between comfort, local culture and preparation for island cruising.

**Day 2** | Mamanuca Islands

A first immersion into the South Pacific, the Mamanuca Islands enchant with protected lagoons, pristine beaches and accessible coral reefs. Calm anchorages and excellent snorkeling make this an ideal early stop.

**Day 3** | Yasawa Islands

More remote and dramatic, the Yasawa Islands deliver spectacular cruising through volcanic landscapes, secluded coves and deserted beaches. This region invites slow exploration, cultural encounters and pristine underwater discovery.

**Day 4** | Sawa-i-Lau

Set a course for Sawa-i-Lau, one of the Yasawa Islands' most striking natural landmarks. The approach is unhurried, with time to enjoy the deck, swim in clear waters or paddle along the shoreline by kayak. On arrival, the scenery reveals its true character: dramatic limestone caves partially submerged, shaped by time and flooded with natural light.

**Day 5** | Naviti Island

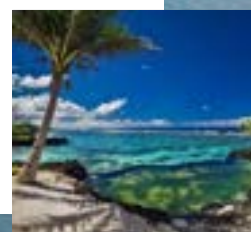

Located in the heart of the Yasawa archipelago, Naviti Island offers sheltered anchorages framed by pristine beaches and shallow coral reefs. Life slows naturally here, with calm-water swimming, easy snorkeling and genuine exchanges with local communities. An authentic stop that reveals the quieter, more intimate side of Fiji.

**Day 6** | Waya Island

Defined by dramatic volcanic peaks, Waya Island stands among the most striking landscapes of the archipelago. Hiking trails lead to sweeping panoramic viewpoints, while calm anchorages below invite quieter moments of snorkeling, swimming and complete disconnection.

**Day 7** | Vomo Island then return to Denarau

A final stop before returning to Denarau, Vomo Island embodies Fiji's sense of tranquility and untouched beauty. Set within the Mamanuca archipelago, it offers pristine beaches, crystal-clear waters and a naturally exclusive atmosphere.
